

CAREGIVER SUPPORT GROUP

Our first meeting will be:

December 28, 2017 from 1pm – 2pm

Are you a caregiver for someone with dementia or memory loss?

The Western New York Alzheimer's Caregiver Partnership will be hosting a free monthly support group for caregivers of persons with dementia or memory loss. The support group provides caregivers with emotional and social support, as well as educational materials to assist with caring for their loved one. This group is for spouses, children, and any other family members or friends caring for someone with memory loss.

Please join us the last Thursday of every month. For additional information and to register to attend, please contact Maggie Hempel from the Niagara County Office for the Aging. Be sure to ask about available respite options.
